AMENDMENTS TO THE CLAIMS

This listing of claims will replace all prior versions and listings of claims in the

application:

LISTING OF CLAIMS:

1. (currently amended): A portable terminal device comprising:

a case;

a light mixing space disposed within the case;

a printed circuit board disposed in the case and forming a first side of said light mixing

space;

a window section formed within a portion of a surface of the case and forming a second

side of said light mixing space; and

a light emitting surface disposed within the case adjacent to said light mixing space,

wherein the light emitting surface emits light substantially in a direction along said

printed circuit board.

2. (previously presented): The portable terminal device according to claim 1, wherein the

light emitting surface is attached to a wiring board.

3. (previously presented): The portable terminal device according to claim 1 wherein the

light mixing space is an oblong space.

4. (canceled).

5. (previously presented): The portable terminal device according to claim 1, wherein the light emitting surface emits at least any one of red, green, and blue light beams.

6. (previously presented): The portable terminal device according to claim 1, wherein the light emitting surface is a light emitting diode of a side emitting type.

7. (previously presented): The portable terminal device according to claim 1, wherein the light emitting surface is a light emitting diode of a surface emitting type.

8. (original): The portable terminal device according to claim 1, wherein the window section is translucent.

9. (original): The portable terminal device according to claim 1, wherein the window section is creamy white.

10. (previously presented): The portable terminal device according to claim 1, wherein the light emitting surface includes a means for emitting light when a call arrives at the portable terminal device.

11. - 12. (canceled).
